Itinerary

Egypt full-day Tour

Your day begins with a warm welcome from your certified guide, who will fetch you from your Cairo hotel. Following a relaxing drive through the rural regions of Dahshur and El Monofia, your experience begins with a light Egyptian traditional breakfast accompanied by mint charcoal tea. As you become familiar with the serene countryside environment, your guide will introduce you to the country community and induct you into the rich tradition of Egyptian rural life.

While on tour, you'll have the unique opportunity to mingle with locals and observe their day-to-day life. You can go to typical farms and learn about modern yet conservative techniques of sustainable farming that date back to ancient Egypt. You shall walk by artificial irrigation canals that divert Nile water onto fields, visit a cheese factory, and observe native animals such as water buffaloes, camels, goats, and chickens. You can participate in farming activities if you desire, help prepare a country lunch, and enjoy such beverages as fresh juice, cane, cookies, and another cup of aromatic mint tea.

In the afternoon, take a stroll with your guide and new village friends through scenic paths, or choose to ride a donkey for an authentic rural experience. You'll have time to relax in a charming garden and soak in the peaceful countryside ambiance as the sun sets over the fields. Before your departure, your guide will help facilitate communication barriers with the locals, and you will learn something of value and take pictures of beautiful scenery. The tour concludes with a return transfer to your hotel in Cairo, concluding a culture-filled and poignant day.
