Itinerary

Utopia Island Snorkeling Tour

This tour is for those who want to spend their day in El Gouna and enjoy a relaxing cruise on the Red Sea while snorkeling in the crystal clear waters of Utopia Island. The island is renowned for its incredible natural beauty, which includes a variety of fish species, corals, and underwater caves.

You'll start your day with a boat ride from any hotel or dive center in [El Gouna](#) where you will meet your guide and crew. From there you'll head out onto the ocean by the boat and take on a half-hour cruise toward Safage to Utopia Island. Once there, you'll get into your gear and jump in the water! A professional guide will accompany you throughout your trip to two different snorkel spots and provide information about the area's history, wildlife and nature. You will be able to snorkel in the crystal clear water, explore coral reefs and meet with local fishermen who live there year round! At the end of the trip you can - depending on your preference - drive a banana or soft boat before the ship enters the port.

After your tour is complete, you will return to El Gouna where you can enjoy lunch before heading back home.
