Cairo One Day Tour of Giza Pyramids Saqqara and Felucca Ride from Alexandria

We'll have a tour leader waiting for you at the [Alexandria port](#) to take you on a day trip to Cairo in a comfortable air-conditioned vehicle.

We'll begin our tour of the Giza Pyramids with the three [Egyptian Symbols](#) of Cheops, Chephren, and Mykerinus. The Great Sphinx was built during the reign of Chephren, Khafre's reign is when the Sphinx first appeared, and the [Valley Temple](#) should thereafter be explored.

The world's oldest significant stone construction, the [Step Pyramid](#) of Zoser in [Sakkara](#), is an excellent next stop on our journey. For King Djoser, it was erected during the third dynasty, and it is an excellent example of stone construction.

Would you like to experience a tranquil Nile cruise? We have a felucca available for boarding, and we'll have lunch there too. In the evening, we can offer you an optional [Cairo Shopping Tour](#) if time permits.

We will be finished with our trip soon, and then you will be transferred back to the port in Alexandria.
