of the [Pyramids](#), where you will learn about the history and mythology of ancient Egypt. You'll have plenty of time to explore the chambers, visit the sun boat museum, and see the [Sphinx](#) and Valley Temple. Next, you'll head to [the Egyptian museum](#) to see the world-renowned art collection, including the treasures discovered in [King Tutankhamun's Tomb](#). Your guide will explain the highlights and take you to the royal mummy chamber, where you can see the mummies of famous Egyptian kings and queens. After lunch at a local restaurant, you'll return to your hotel for a relaxing evening.

Day 2 -Cairo to the White Desert

You will start your day early at 6 a.m., as your tour guide picks you up from your accommodation in Cairo or Giza. Your first destination will be Bahariya Oasis, about 350 km east of Cairo. During the journey, you'll have two coffee breaks. As you pass through the [Bahariya Oasis](#), you'll notice the railway tracks on your right, which transport iron ore to the Helwan steel factory. At 10 a.m., you'll meet your safari guide, get into a 4x4 Jeep, and head to the [Black Desert](#), characterized by mountains, hills, and dunes covered in a thin layer of black powder. At noon, you'll have lunch in El Haize Oasis, where you can relax in a hot spring and visit the Water Museum, which educates visitors about the importance of underground water for desert dwellers. After lunch, you'll drive to the Agabat Valley, located deep in the [White Desert](#). The valley is a unique site with distinct formations of limestone, chalk, and sandstone, which were formed millions of years ago when the area was underwater. You can explore the national park and enjoy sandboarding while admiring hundreds of rock formations that resemble various animals. As the sun sets, you'll enjoy a delicious dinner cooked by the Bedouin crew and camp in the desert, surrounded by the calm beauty of the White Desert.

Day 3- White Desert - Bahariya Oasis

Today, you will experience breakfast in the middle of nature and the desert at 7:00 am before you go on a trip to Bahariya Oasis. You will stop at [Crystal Mountain](#), sometimes referred to as Gebel al-Izzaz, on the way back at 9:00. The quartzite crystals that compose the hill, which can be seen on the right, are what give it the nickname "the Jewel of the Desert" and give it its stunning appearance when illuminated by the sun. That natural feature was discovered by chance a few decades ago.

Drive to Bahariya Oasis at 11:00 Relax by soaking in the heat of Bir Sigam, a hot spring. The spring is the best hot spring in terms of temperature and is situated on Cairo Road 7 km east of Bahariya. Will stop in Bir Madi in the summer (which is a cold spring)

After 12:00, return to Cairo by car. Arrival in Cairo at 16:30 - You have two other alternatives to learn more about the oasis: We do suggest making an additional excursion to the Alexander the Great Temple, the Museum of the golden mummies, and the Bawiti Tombs if you want to learn more about the history of the Bahariya oasis.

You'll find Gebel Maghrafa, the palm and olive groves, and Bahariya Oasis. There, in 1914, at the foot of Gebel Dist, the largest Diansour ((Stromer's Tidal Giant)) ever found, was found. Lake al-Marun, the largest salt lake in the Bahariya Oasis, is where you can view the sunset from the top of English Mountain (Gebel Al Ingleez).
